

HOW CERTAIN "CHRISTIAN" LEADERS EXPLOIT THEIR OWN VOTERS

No man can serve two masters. Matthew 6:24

Progressive politicians like Doug Ford, Erin O'Toole, and Justin Trudeau boast about their destructive progressive beliefs to the public. But certain "Christian" Leaders, and their operatives, exploit and sabotage their own voters through deception. Derek Sloan? MPP Rick Nicholls? Tanya Granic Allen? The advocacy group Parents As First Educators (PAFE)? They have been cutting secret deals with their establishment progressive masters for years. **By aiding their establishment progressive masters, again, and again, and again, these "Christian" Leaders and their PC handlers played their part each time my family was attacked with retribution for our values.** Now they are back to try to undermine us, one more time.

On December 15, 2021, Derek Sloan – back from his time running in Alberta politics – announced a provincial party. Sloan's newest sabotage effort is founded on deception. Sloan's party plagiarizes our communications, **has no party members, and no riding associations. He has admitted to the establishment media that he has no plans of running in the next election. He also announced that he won't be running candidates in every riding – pursuant to a deal he has with the Stop the New Sex-Ed Agenda Party (that is controlled by, and used as a fundraising vehicle for, PAFE).**

MPP Rick Nicholls, who previously announced his retirement with a view towards possibly becoming a lobbyist, is conspiring with Sloan. In December, Nicholls claimed to have joined Sloan's party but as of March 3, 2022 (2.5 months later), the Ontario legislature still identifies Nicholls as an "independent" without any party affiliation.

Team Sloan Votes For Critical Race Theory In Our Schools

While claiming to "fight" to "save" Ontario, Sloan and his allies do the opposite of what they say when they think no one is paying attention. On March 3, 2022, MPPs at Queen's Park voted at second reading of an NDP Private Member's Bill – Bill 67 – designed to embed "anti-racist strategies" in our education system. The NDP bill is based on the dangerous "woke" political ideology of critical race theory and refers to Ontario's education system, including our public schools, as "systemically racist." The bill also proposes giving bureaucrats *police-like* powers to fine ordinary Ontarians, including our children, for language deemed unacceptable in education. New Blue MPP Belinda Karahalios voted against the bill. **Derek Sloan's co-conspirator, Independent MPP Rick Nicholls, voted in favour of the bill.**

These deceptive tactics aren't new from this cast of characters. Below is a history of their deception. We can't stay silent any longer. The future of Ontario and Canada depend on it.

A HISTORY OF DECEPTION

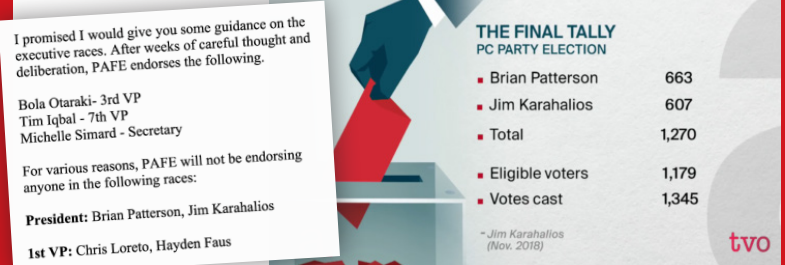

Their secret deals exposed

PAFE cuts a deal with Doug Ford's staff for the 2018 PC Convention Sept 2018

After Tanya Granic Allen does not challenge the decision to remove her as a PC candidate, she returns to the advocacy group Parents As First Educators (PAFE) and endorses Doug Ford and the PC Party. **PAFE operatives cut a deal with Ford's staff involving the 2018 PC convention and encourage thousands of people to spend hundreds of dollars to attend.**

Tanya Granic Allen & PAFE's role at the rigged PC Convention Election Nov 2018

At the PC convention, Jim Karahalios is running for PC President against a long-standing backroom PC operative, Brian Patterson, and his slate of lobbyists and insiders. Patterson is a "progressive Red Tory Conservative" (according to PAFE) who holds political views counter to

PAFE's beliefs. Doug Ford and his staff support Patterson's candidacy. **Allen's former Co-Campaign Chair, Tim Iqbal, runs (with her endorsement) as a candidate on Patterson's team for PC Membership Chair. Derek Sloan's future Conservative riding president, Carlos Petracca, is also part of Patterson's team. Allen's handlers work the convention floor, encouraging PAFE supporters to avoid voting for Jim. It doesn't work.** PC staff resort to rigging the election. Jim exposes the voter fraud and later sues the PC Party. Allen and PAFE never acknowledged the rigged convention.

➔ **Allen & PAFE's endorse tables the first ever PC Party "Member Code of Conduct," designed to potentially expel PC members who hold PAFE's views Dec 2019**

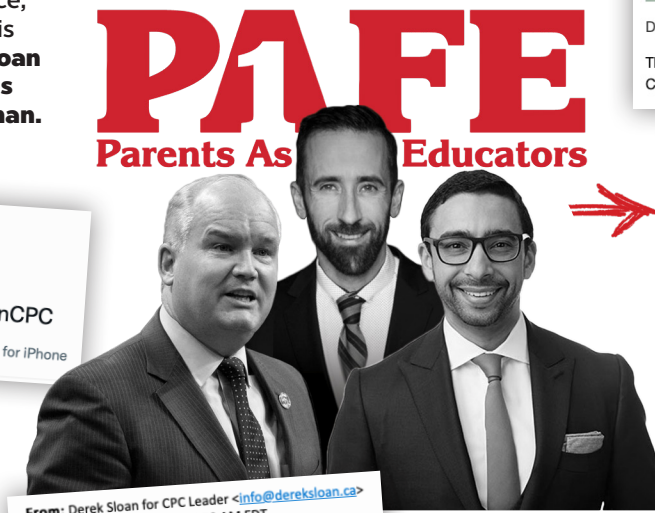

Tim Iqbal introduces the PC Party's first ever "Member Code of Conduct," designed to potentially expel PC members that hold PAFE's views. **Allen and PAFE are silent.**

➔ **Allen & PAFE Back Derek Sloan. Their PC advisor installs a saboteur on Jim's Conservative leadership Mar - May 2020**

Sloan's entry in the Conservative leadership is designed to help Erin O'Toole. The Sloan Saboteur on Jim's campaign encourages the release of an email criticizing O'Toole's campaign chair, Walied Soliman, just as Jim reaches third place and qualifies for the final ballot. The email is used as the excuse by O'Toole, Soliman, and the CPC to remove Jim from the race, twice, even after he sues and wins and is temporarily reinstated. **When Sloan qualifies for the final ballot, he is publicly congratulated by Soliman.**

Allen and PAFE make no mention of Jim's removal from the race. In a move to steal Jim's support, Sloan emails CPC members, 8 weeks later when it is too late, calling for Jim's reinstatement. His email deliberately omits mention of O'Toole calling for Jim's removal. Sloan never criticizes O'Toole for removing Jim. The Sloan team concoct a script and record video of Sloan using inflammatory language to create a fake news story: that Sloan was on the verge of also being removed from the race but was saved by O'Toole.

Unlike the case of Richard Décarie, we know exactly why Jim Karahalios was evicted from the race. One of the other leadership candidates didn't like the contents of Jim's campaign communications, and he then filed a complaint against Jim's campaign.

➔ **Six months after the adoption of the PC "Member Code of Conduct," Belinda Karahalios votes against Ford's Lockdown Bill and is kicked out of the PC Caucus Jul 2020**

Two weeks after Belinda is expelled from the PC caucus, 18 Karahalios allies on the Cambridge PC Riding are expelled by Patterson and Iqbal's illegitimate PC Executive. **Sloan's Conservative Riding President and ally, Carlos Petracca, also a member of the PC Executive, votes in favour of the unlawful expulsion.**

➔ **Sloan, Allen, & PAFE support progressive Erin O'Toole through non-aggression by targeting their criticisms at fellow Christian Leslyn Lewis June - Sept 2020**

Sloan, Allen, and PAFE spend the rest of the CPC leadership focussing their attacks on Leslyn Lewis to ensure she does not surpass O'Toole. The plan works - 21% of Sloan's voters place O'Toole second on the preferential ballot ensuring Lewis's loss. **Sloan refers to O'Toole as the "clear" winner. Allen congratulates O'Toole in an email to her followers.**

➔ **New Blue stops the PC's attack on freedom of religion by exposing their marriage "Code of Practice" and Sloan, Allen, & PAFE are silent on the bill Nov 2020**

The New Blue Party blows the whistle on the Ontario PC's Bill 213, which would have given a single cabinet minister the power to revoke the marriage licence of a church officiant if it was deemed to be "in the public interest" and to create - behind closed doors - a "Code of Practice" that every marriage officiant would have to adhere to. **Allen, Sloan, and PAFE are silent on the bill.**

➔ **Sloan, Allen, & PAFE help O'Toole's CPC generate convention revenue while staying silent on COVID-19 mandates Sept 2020 - Mar 2021**

A record 5,500 people pay between \$199 and \$500 each to attend Erin O'Toole's Conservative Party virtual convention.

➔ **Sloan partners up with the PC's controlled opposition, Randy Hillier, and flees to run in Alberta Feb - Sept 2021**

After Sloan is removed from the CPC, he joins the End the Lockdown Caucus led by the PC Party's controlled opposition Randy Hillier. They refuse Jim entry. Sloan runs in Alberta, leaving his wife to run in his riding, and the CPC win both seats. Sloan claims he is starting a "new" federal party. His party is never registered. Following O'Toole's loss in the general election to Trudeau, neither PAFE, Sloan, nor Allen join calls for O'Toole's removal as Conservative leader.
